

Script: Volume-O-Meter

Teacher: (Using a deep voice.) **Class!**

Students: (Imitating the teacher's deep voice.) **Yes!**

Teacher: When you are too noisy, I'll use my Magic Invisible Volume-O-Meter to set the correct sound level for our current activity. (Raise hand, palm facing down.) When I move my hand up toward the top of the Volume-O-Meter, I want you to say, "Yada, yada, yada," louder and louder. When I move my hand down, I want you to say, "Yada, yada, yada," more and more quietly. (Clap twice.) **Teach!**

Students: (Clap twice.) **Okay!** (Students teach their neighbor what the teacher just said, many of them move their hands up and down imitating the Magic Invisible Volume-O-Meter.)

Teacher: **Class!**

Students: **Yes!**

Teacher: Okay, now here we go. (Move hand up and down and the students, adjusting their volume to the teacher's gestures, say, "Yada, yada, yada," more loudly and then quietly. The teacher then moves hand down very low, until the students are whispering.) **Good!**
